## Candidates Meet The Press

by **LARRY O'KELLEY**  
Freelance Writer

On September 30th, the Huron Township Public Access and the Van Buren Township Public Access held a "Meet the Press" at the Belleville High School. Five local newspapers, including The Huron River Weekly were invited to present questions to the candidates for the 34th District Judgeship and the 11th County Commissioner's

position.

The two candidates for judge, Norm Kohlstrand and Brian Oakley, fielded three questions from each news representative were given a two-minute time limit to answer each question. The lights were hot and the quarters were cramped but each candidate did well and could be proud of their responses.

The Huron River Weekly asked each candidate three questions. The first question

was, "Do you support the recent agreement signed by the member communities to resolve the funding dispute?" Both candidates seemed to be unaware of the particulars of the agreement but both expressed satisfaction that the long-standing dispute had been resolved.

The second question asked was, "Is conflict of interest an issue in this campaign?" Candidate Kohlstrand was required to answer the question first

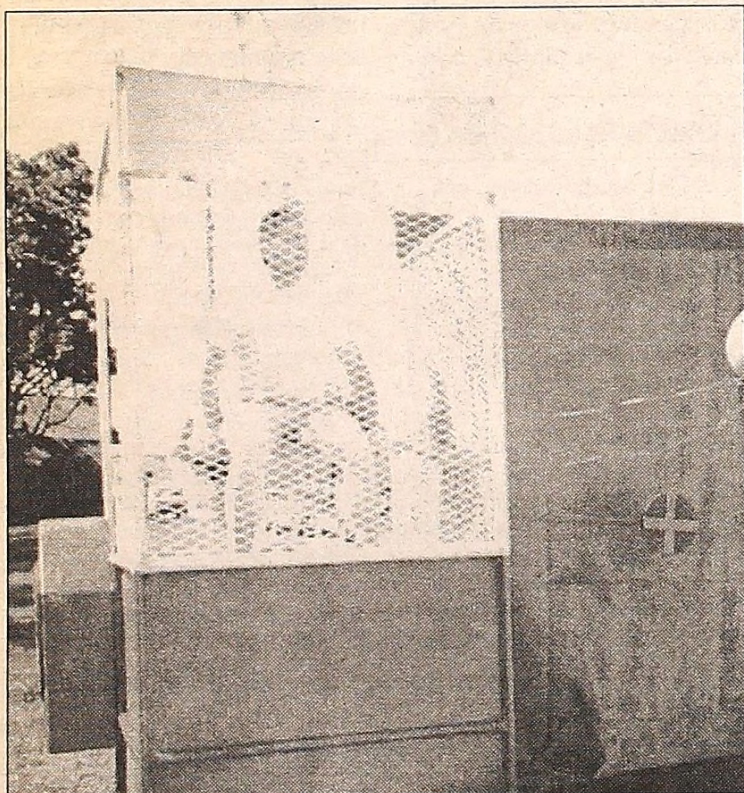

and it clear that he was uncomfortable with the question. His response was basically that he could not clearly say there would be a conflict of interest with a Judge Oakley and a Mayor Oakley but that it could create uncomfortable situations. Brian Oakley had no problem fielding the question and emphatically stated he did not expect there would be a conflict of interest. He said that he had spoken to many legal sources

and they all agreed there would not be a conflict.

The last question The Weekly asked was, "Do you consider the process of excusing potential jurists for trial too liberal or necessary to protect the interests of both sides? The intent of the question was to get the candidate's opinion on the process of excusing potential jurists and the many challenges that the defendant and the prosecution

## The Last Word On Building An Ark

And the Lord spoke to Noah and said: "In six months I'm going to make it rain until the whole earth is covered with water and all the evil people are destroyed. But I want to save a few good people, and two of every kind of living thing on the planet. I am ordering you to build Me an Ark," said the Lord. And in a flash of lightening He delivered the specifications for an Ark.

"OK," said Noah, trem-

bling in fear and fumbling with the blueprints. "Six months, and it starts to rain," thundered the Lord. "You'd better have my Ark completed, or learn how to swim for a very long time."

And six months passed. The skies began to cloud up and rain began to fall. The Lord saw that Noah was sitting in his front yard, weeping. And there was no Ark. "Noah!" shouted the Lord,

This week's selection is an old favorite with a new twist. Lasagna is usually a tedious, time consuming and expensive meal to make. I hope to change that with this recipe.

This is one of those recipes that you can make as much or as little as you want. These directions are for one roll-up. You can take it from there.

Another great thing about this recipe is that you use veggies, there are no eggs. I like to use 1% low-fat cottage cheese and low-fat Italian cheese, it

tastes just as good as whole fat, if not better.

All my recipes have been tested with low-fat ingredients, so feel free to use them when necessary.

Remember you can use any or all of the veggies I have chosen, depending on your taste or availability. Just

remember to compensate for the amount of veggies that you have eliminated.

## Vegetable Lasagne Roll-Ups

Lasagna noodles cooked and cooled

Spaghetti Sauce - Your favorite jar sauce without meat

3-4 Tbs. Cottage Cheese mixed w/1 Tbs. Romano Cheese, 1

Tbs. Fresh Basil (chopped) or 1/2 Tsp. Dried Basil, Pinch of Salt and Pepper

350° 40-45 min. Preheat oven.

Put some sauce in a baking dish, enough to cover the bottom. These can be a little messy so lay out your noodles on a sheet of wax paper. Spread noodle with 3-4 Tbs. of cottage cheese mixture. On one end start piling on the vegetables, 3-4 pieces of each, don't worry if the vegetables are hanging out the sides.

Carefully roll the vegetables up in the noodle and gently place them in the baking dish. Top each roll-up with 1/4-cup Spaghetti sauce. Bake uncovered 30 min. then top with 1/4-cup Italian blend cheese and bake 10-15 min. more. Let them sit for a couple of min. after you take them out. They are a little bit easier to handle.

Amount shown is for individual Roll-up

Fresh Zucchini, Yellow Squash, Asparagus, Roma Tomatoes, Red Pepper, Spinach (cut into 5-inch julienne strips, Mushrooms (sliced) 1/4-Cup Italian Blend Cheese (shredded)

# Noah's Ark

*Continued from Page 1*

"where is my Ark?" A lightning bolt crashed into the ground next to Noah for emphasis.

"Lord, please forgive me," begged Noah. "I did my best. But there were big problems. First I had to get a building permit for the Ark construction project, and your plans didn't meet Code. So I had to hire an engineer to redraw the plans. Then I got into a big fight whether or not the Ark needed a fire sprinkler system.

"My neighbors objected, claiming I was violating zoning by building the Ark in my front yard, so I had to get a variance from the city planning commission.

"Then I had a big problem getting enough wood for the Ark because there was a ban on cutting trees to save the spotted owl. I had to convince U.S. Fish & Wildlife that I needed the wood to save the owls. But they wouldn't let me catch any owls. So no owls.

"Then the carpenters formed a union and went out on strike. I had to negotiate a settlement with the National Labor Relations Board before anyone would pick up a saw or a hammer. Now we've got 16 carpenters working on the boat, and still no owls.

"Then I started gathering up the animals and got sued by an animal rights group. They objected to me taking only two of each kind. Just when I got the suit dismissed, the EPA notified me that I couldn't complete the Ark without filing an environmental impact statement on your proposed Flood. They didn't take kindly to the idea that they had no jurisdiction over the conduct

of a Supreme Being.

"The Army Corps of Engineers wanted a map of the proposed new flood plain. I sent them a glove. Right now I'm still trying to resolve a complaint from the Equal Employment Opportunity Commission over how many Croatians I'm supposed to hire. "The IRS has seized all my assets claiming I'm trying to avoid paying taxes by leaving the country, and I just got a notice from the state about owing some kid of use tax.

"I really don't think I can finish your Ark for at least another five years," Noah wailed.

The sky began to clear. The sun began to shine. A rainbow arched across the sky. Noah looked up and smiled.

"You mean you're not going to destroy the earth?" Noah asked, hopefully.

"Wrong!" thundered the Lord. "But being Lord of the

Universe has its advantages. I fully intend to smite the Earth, but with something far worse than a flood. Something Man invented himself"

"What's that?" asked Noah. There was a long pause, and then the Lord spaketh his Last

Word.

"Government." (Author unknown - This article appeared in the Champaign Co. (IL) Gen. Soc. newsletter. Jul/Aug/Sept 1998)

## 4 REASONS WHY YOUR CARPET WILL SHINE

When You Use

### Hildebrand Carpet & Upholstery Cleaning

1. **Thorough Cleaning** - Use the most thorough cleaning method there is. Some cleaning methods use chemicals that leave a residue on your carpet. That doesn't get the dirt out, it just covers it up. My method doesn't leave a residue and is very powerful. It cleans way down to the base so your carpet will look brand new again.
2. **Stays Clean Longer** - Since we clean all the way down to the base of your carpet, your carpet will stay looking clean longer.
3. **I use only certified technicians.** Each technician has been through extensive training on how to properly use our super equipment. If a technician isn't properly trained, your carpet won't get thoroughly cleaned.
4. **100% Money-Back Guarantee.** If you aren't thrilled with your carpet, I'll refund every cent. No questions asked!

Meghan Polce, Catfish Queen

The C.Y.B.O.R.G.S. are back for a year of fun and excitement. Saturday, Sept-

ember 12, they kicked off a new year with a fishing expedition. The fishing hole provided a variety of challengers from catfish to bass.

Each member had an instructor to help with any questions they might have. The instructors, Dan Willoughby, Bill Riddle, and Jim Polce did their best to provide the members with help in any given area.

The catch of the day came when member Meghan Polce hooked an eight-pound catfish. The owners of the pond, Sherman and Linda Smith said that this was the first time that the catfish had been snagged since it was put into the pond three years ago. All of the members were very proud of Meghan's

### 50th Anniversary for Mr. and Mrs. Jaddatz

October 9, 1948, was a special day for Donald and Patricia (Coe) Jaddatz. That day 50 years was the first day of the next 50 years they would spend together.

Patricia moved to Huron Township in 1939 with her parents. She took a job in a restaurant in Belleville, the city where Pat was working. He walked into her restaurant and stated "that was the girl he would spend his life with."

They were married, built their home in Huron Township, which they love, and raised their family.

Their children and grandchildren: A daughter Cathie, her two sons Paul and Don Eldred; a daughter Sandy, a son-in-law Bob Guntow, their daughter Tammy and son Eric; a daughter Barbara Jaddatz; a daughter Dawn, her husband Butch Young and their son Dan; and a son Brian.

The family will be gathering for dinner honoring Don and Pat's anniversary.

Their family, friends and The Huron River Weekly wish them 50 more glorious years.

# Interview

Continued from Page 1

tor had in challenging potential jury members. However, both candidates took the question to mean "how should a citizen react when they get a jury summons?" To this interpretation they both responded that a citizen should not avoid a jury call and that it was a fundamental part of the process and an honor.

Following the judge candidates the press interviewed the two County Commissioner candidates John Sullivan-Democrat and Melissa McLaughlin-Republican. The format was the same as the judge candidates and the press was able to each ask three questions.

The first question The Weekly asked was, "Almost all of the roads in Huron Township are controlled by Wayne County and almost all of the roads are gravel. Do you have a position on the current condition of the Wayne County Roads?"

Both indicated they were not satisfied with the condition of the roads and seemed to have a preference of paved roads over gravel roads. Both advised that it was a matter of money and whether the communities wanted to make road repair a major issue. McLaughlin seemed to support reforming Act 51 to allow townships to control their roads like cities currently do. This would mean that the townships would receive the road funds but would also be required to maintain the roads. She felt some township within the district was prepared to take on that responsibility.

Sullivan responded that citizens were tired of getting their cars beat up by the dirt roads and expressed his desire for paved roads over dirt roads.

Our second question was, "In the Detroit News, September 29th issue, there was an article regarding the board chairman's expenditures of campaign funds. Is this something the board needs to look at beyond the current laws on the books? Sullivan responded that he was not too familiar with the actual expenditures but expressed concern over the reported nature of the expenditures and suggested the board should reconsider some addi-

tional code of ethics.

McLaughlin was a little stronger in her comments and suggested that the Secretary of State will be looking in the matter and she also correctly pointed out that the rules covering campaign expenditures

was promulgated by the state.

The Weekly's last question was, "Considering the political makeup of the current board, do you consider your party affiliation an advantage or disadvantage?" In response, both candidates agreed that propos-

als that have merit should be treated as such regardless of party. Sullivan reminded us that the district was almost 50-50 split between Democrat and Republican and McLaughlin suggested the election could result in more

Republicans elected as well as more women elected to the county board.

Both interviews and the remaining questions/responses will be aired soon on our local cable channel.
